

HENGSHUI HUIYA NEW-MAT TECHNOLOGY CO., LTD.

Durable high temperature silicone rubber steam hose

Features:

high temperature resistance, corrosion resistance,
wear resistance, anti-aging.

Strong wear resistance and long service life.

Flexible and easy to handle

Suitable for many application in automobile industry,

Cleaning equipment , cooling systems.

Safety factor 3:1

Inner tube : silicone

Reinforcement: high tensile textile cord

Cover: silicone

Temperature range: -20℃ to 240℃

Specification:

Product name	silicone rubber steam hose		
Inner layer	smooth, high quality silicone rubber steam hose		
Reinforcement layer	high tensile textile cord		
Cover	Black, smooth (surface wrap), silicone rubber		
Size	1/2"-6" or customized size	Certification	ISO9001:2015
Temperature range	-20℃ to 240℃	Color	Orange / blue
Working pressure	10-20 bar	Safety factor	3 : 1
Length	According to customer demand, it is generally 20 meters
